AUTO**ID** UTouch 2-S (6+3)

Portable UHF RFID Mobile Terminal

Impinj New Generation of Modules Significantly Improved Readability

- The first conventional (reading distance 0-6 metres) + vertical (reading distance 0-3 metres) two modes of reading, work more efficiently.
- Unique anti-collision algorithm, maximum group read recognition speed up to 700 times / sec.
- 1 - 30 dbm Precise step control, with an identification distance of 0-6 metres.

General reading

Reading distance
**0-6** metres

0-6 m

Vertical reading

Reading distance
0-3 metres

0-3 m

Smooth System

Powerful octa-core performance
Iterative Android 11 support

Qualcomm 骁龙

3 Capture functions

01 Convenient NFC card reading on top

02 Accurately identify 1D/2D/distorted/ damaged/screen barcodes

03 13M rear camera / 5M front camera with LED flash, capture clear image fastly

NFC

Inspection
Electronic access control
Identity verification

Non-slip and easy to grip

Wave pattern groove + honeycomb texture design
Double non-slip, comfortable hand feeling

Wi-Fi6 technology

39 percent faster than the previous generation

Wi-Fi6

12 -hour battery life

Large-capacity replaceable battery

12h
5000mAh

Portable form

Weighs only **325g**

14.3mm at thinnest point

Lightweight and easy to grip

Safer work

Before **After**

IP68/1.8m
Ultra-high protection

Passed 60+ reliability tests
More peace of mind

1.8 m   IP68

Typical Application Scenarios

Retail
· Shop cashier
· goods search
· asset inventory

Entertainment
· Performance
· scenic spot
· exhibition hall ticket management

Railway/Power
· Inspection
· Asset Management

Aviation
· Ticketing
· baggage management

Medical Industry
· Ward care
· medical waste management
